

To  
(Ambassador/Consul-General) of Japan in Bangladesh

Dear Sir/Madam,

I'm RAFI MD ASHIFUJMAN, a master's student in the Informatics Department at Shizuoka University, Japan. I am applying for entry permission in Japan (COE) for my wife SHATU AFSANA. Although we have been officially married in August this year, our relationship has been going on for 6 years.

We are together from the college level. Together, we have passed a long way, overcame many obstacles and dreamed a lot. We both love Japan. I have never been apart from her for so long. In Japan, I don't have any friends and family members around me and I am feeling so lonely all the time. I always felt worried thinking about her and not able to fully concentrate on my research and responsibilities. Living apart like this and long distance relationships started affecting us mentally and physically. Actually we can't stay calm and happy without each other.

We, therefore, pray and hope that you would be kind enough to make us together with smiling faces again.

Sincerely yours  
RAFI MD ASHIFUJMAN  
SHATU AFSANA
